Board of Supervisors
Marion Township
420 Water Street
Stouchsburg, PA 19567

Dear Board of Supervisors:

Please let this correspondence indicate that I fully support your efforts on behalf of the residents of Marion Township to seek and, hopefully, obtain grant funding for the Act 537 Sewer Project. I understand that Marion Township is currently obligated to design and construct a public sewer system that will serve a portion of the Township under an Order of Consent issued by the Pennsylvania Department of Environmental Protection. I reside at a property that must connect to that public sewer system. Obviously, this Act 537 Sewer Project impacts me because I will be one of the few hundred residents that must fund it.

Specifically, it also impacts me because _____

I strongly support the efforts of the Board of Supervisors to obtain grant funding for the Act 537 Sewer Project because our Township does not otherwise have the financial means to comply with Order of Consent. As the Board of Supervisors appreciates, our Township is a quaint, rural and agricultural community, and thus lacks the lucrative commercial and industrial business and development that exists to our east and west. Consequently, our Township's tax base of approximately \$600,000 annually is generated primarily from farmers and other residents who live on a fixed income. Therefore, without significant grant funding, I do not know how our Township and its residents can afford the Act 537 Project estimated to cost \$11,000,000.00. Without significant grant funding, I am gravely worried that my neighbors and I may be forced to sell our properties and abandon our Township, the place that we call home, because we will not be able to foot this bill. As such, I fully support your efforts on behalf of the residents of Marion Township to seek and, hopefully, obtain grant funding for the Act 537 Sewer Project. We can all agree that we deserve a safe, healthy, and affordable community, and so I remain hopeful that significant grant funding will be awarded to Marion Township for the Act 537 Sewer Project, which benefits Marion Township, its surrounding municipalities, Berks County, and the Commonwealth of Pennsylvania as a whole.

Thank you for considering my perspective. If you have any questions, please do not hesitate to contact me using the information provided below.

Regards,
